TERRIBLE EARTHQUAKE IN SAN FRANCISCO

San Francisco, Cal., April 18.—A severe earthquake shock, lasting three minutes, was felt here at 5:13 a. m. The wreck of buildings in the business portion is fearful, and loss of life is estimated at 3,000. Palace hotel stood the shock. Thousands of buildings destroyed and fires are raging over the city; the waterworks supply has given out and firemen are helpless. The Call and Examiner buildings are demolished. The city hall, costing $7,000,000, lies in ruins Late reports say the city is doomed Water-pipes are bursted and bucket brigades are all that are left to fight the flames. Dynamite is being used in blowing up buildings to prevent a further spread of the fire.

Berkley, a thriving suburb of the city, is completely demolished, and the people are in a panic.

Chief Sullivan of the fire department was killed in the discharge of his duty. Every building in the city is more or less damaged, and the loss will run into millions of dollars.

San Francisco, April 18, 8 50 p. m, [Special]—Although water has been secured for the firemen, in many sections the fire is by no means under control. It is raging around Pine and Montgomery streets, and the Western Union Telegraph Company's building has been abandoned to its fate. At the Oakland ferry house, where the company has established an office, it is difficult to obtain any information of current events for the present.

SHOT TO DEATH ATTACKING OFFICERS

Bloody Riot Occurs In Pennsylvania Mining District.

SOLDIERS ARE NOW IN CONTROL

Three Miners Killed, Boy Fatally Shot, and Many Others Wounded in an Attempt to Rescue Men Who Had Been Arrested by Officers.

Johnstown, Pa., April 18.—After weeks of anxiety the situation brought about by the controversy of the coal miners with the operators culminated Monday night in a riot at Windber, near this city, which finally ended in bloodshed. Three are dead and a number injured, and throughout the night the town was patrolled by armed guards.

The shooting was brought about by an assault upon the jail made by the striking miners who attempted to rescue comrades who had been placed under arrest. The riot occurred during the early hours of the night and continued for several hours, working the residents up to such a pitch that the night was one terror.

The dead are principally foreigners and were miners who were out on a strike. They are:

Pietro Martini.

Antonio Mazuca.

Paul Zills, who was the leader of the mob.

Curtis Kester, 10 years old, a bystander during the trouble, was shot through the bowels and was taken to the hospital, where he is seriously suffering and is expected to die.

When the deputies fired upon the mob they fled, leaving three of their number on the ground dead, and the strikers refusing to permit the undertakers to remove the bodies, the latter remained where they fell until an early hour Tuesday morning.

The situation was so serious that Sheriff Bagley was summoned from Somerset to take charge of affairs, and an appeal was made to Governor Pennypacker for troops.

At 8 o'clock Tuesday morning the conditions were more quiet and no further trouble was expected until later in the day.

The rioters were of the foreign element, for the most part, who had been celebrating Easter Sunday, a holiday that has always been greatly observed in this section by them.

Monday the streets of Windber presented a carnival appearance. There was much liquor consumed, and many men were under the influence of liquor. When the trouble broke out, the state constabulary that was at Greensburg, was immediately ordered to Windber, and a special train was procured and rushed toward the scene of the riot. A few miles west of this city, however, the train was blockaded by a freight wreck and the troops did not reach Windber until after 6 o'clock Tuesday morning. At that time the town had quieted, and no demonstration was made. The situation was perfectly under control when the deputies arrived. They were patrolling the town, and the beats were placed at 50 yards.

Had they arrived while the crowd was still on the streets Monday night there would undoubtedly have been further trouble. As it was, however, the streets were almost deserted and the officers, of which there were 18, in charge of two sergeants, took up their stations and awaited daylight.

There were altercations and boisterous arguments on the streets through the day, but no serious clash occurred, and even a large mass meeting was held without any disorder until Deputy William M. McMullen appeared. The foreigners are apparently antagonistic to McMullen and have an old score against him. He was former chief of police of Windber, and during his administration, it is said, made himself unpopular with the miners.

The sight of McMullen infuriated some of the men, and he was looked on as a spy. Many of the men rushed for him, and threats were made against his life, and he fled, taking refuge with neighbors.

During the riot about 20 of the miners were placed under arrest and landed in jail.

Under the leadership of Paul Zills, who was shot dead subsequently, the mob assailed the jail, throwing stones and any missile that was at hand. The deputies surrounded the jail, and with the aid of the fire department, tried to restore order. The mob was persistent and refused to listen to cooler heads who advised them to disperse and go home, and closing in on the jail began to assail the deputies. The latter tried to stop the onslaught with bayonets, and when it seemed that the deputies and firemen would go down before the infuriated men, the deputies fired. This was not done, however, before knives and revolvers appeared in the hands of the strikers.

But one volley was fired, and at the sound of the guns the mob broke and fled.

More serious trouble was expected to occur when the strikers appeared Tuesday morning and saw the state officers in charge. There were no developments, however, up to 8 o'clock, but there was a feeling of anxiety as to the action that would be taken when the strikers saw their comrades taken from the jail to Somerset.

Kansas City, Mo., April 18.—Joseph Smith, president of the reorganized church of Latter Day Saints, Monday rewarded his followers for their fasting and prayer by giving to the conference of the church in session in Independence, Mo., a revelation which appoints his son, Frederick M. This was considered the most important message ever given to the church, as nothing in the annals of the reorganized church has been considered so vital as the question of a successor to the presidency.

Big Saw Mill Plant Near Mobile, Ala., Also Burns, Causing a Loss of $150,000, with Not a Cent of Insurance. Fire Consumed Buildings Rapidly.

Knoxville, Tenn., April 18.—Fire at Petros, Tenn., destroyed nearly the entire business section Monday night, causing a loss estimated at close to $40,000.

The fire started in the Williams general store and within one hour eight buildings, all frame, were on fire.

Estimates on the losses are as follows:

Williams' general store, $2,000; J. D. Sanndall, dry goods, $4,000; John Moore, drugs, $1,500; telephone office, $1,000; Goldberry, general store, $2,000; Shuberts, general store, $4,000; bank, Y. M. Less than a mile from the scene of the fire is the branch penitentiary of Tennessee, where nearly one thousand convicts are confined.

Mill Burns Near Mobile.

Mobile, Ala., April 18.—A fire loss estimated at between $125,000 and $150,000, was caused Monday night by the destruction of the saw mill plant and many thousand feet of lumber of the N. E. Turner company, of Vinegar Bend, Ala., a saw mill settlement north of Mobile.

Assistance was sent from this city shortly after midnight, this morning, but when the apparatus reached the scene the greater portion of the property had been wiped out. The destroyed property embraces the main saw mill, the planing mill, three dry kilns, several lumber sheds containing thousands of feet of lumber, and stacks of mill products in the grounds.

At one time the settlement was threatened to be wiped out by the fire, but through the heroic efforts of the residents the flames were confined to the the mill property.

The company did not carry a cent of insurance, but had arranged to take out policies Tuesday.

ORDERED FLAGS TAKEN IN.

Caused Wild Rumors of the Murder of Member of Imperial Family.

St. Petersburg, April 18.—The remarkable action of the police Monday in suddenly ordering the flags hung out for the holidays to be taken in, caused the circulation of the wildest rumors of the murder of a member of the imperial family.

Today comes the rather amusing explanation that under the law flags and illuminations are not permitted without the authority of the prefect of police, "permission" being equivalent to a command, and householders failing to decorate are fined. This year the prefect granted permission to decorate as usual, but neglected to include the display of flags, and the police, proceeding on the old theory that what was not permitted was prohibited, went from house to house, compelling the occupants to take down their decorations.

Immediately the report spread that some great disaster had occurred at Tsarskoe Selo, and the announcement was being withheld until after the holidays.

Three hundred political prisoners have just been deported to Siberia by way of Moscow and Borissoglebsk.

Strike Remains Unchanged.

Mobile Ala., April 18.—The strike of linemen, cable splicers and other employees of the Southern Bell Telephone company here, remained unchanged Tuesday and the men remain firm. Nearly 100 strikers met at the Central Trades council hall Monday night and discussed the strike. Three new members were taken in and one deserted. Although there is no violance, fifteen special policemen were sworn in to protect the exposed property of the company in the improvement area. The telephone company has not succeeded in getting any men to take the places of the strikers.

Washington, April 18.—President Roosevelt has decided to appoint Charles B. Aycock, former governor of North Carolina, and Van Leer Polk, of Tennessee, members of the delegation from the United States to the Pan-American conference, which is to meet in July at Rio Janeiro. These appointments are to be made in accordance with the wishes of southern members of congress, who, in view of the fact that many of the questions to be considered by the conference are of special interest to the south, have felt that men identified with that section of the country should be members of the commission.

High Official in Russia Makes Interesting Statement Regarding Gorky and Advises Americans that He Is a Revolutionists Pure and Siple.

St. Petersburg, April 18.—Maxim Gorky's reception in the United States is giving the Russian government considerable concern. A high official here made the following statement Monday:

"In listening to Gorky the American people should understand that he is not a liberal nor a reformer, but a revolutionist, pure and simple. He is certainly a writer of talent, perhaps even a genius, and much that he says regarding the conditions in Russia doubtless is true; but it should be made clear that his object is not reform, but revolution.

"Mme. Andreva, who accompanies him, is not his wife. She also is a revolutionist, and M. Morosoff, one of Moscow's merchant princes, gave her $1,500,000 for the revolutionary cause. When the government last summer secured proof of this fact, he was given 24 hours to leave Russia, or stand trial here. He fled to Paris where he committed suicide."

M. Morosoff, of Moscow, who was known as the "Russian cotton king," was prominent in the liberal movement last year, and it is possible that he is the person alluded to in the foregoing statement, although no information of his expulsion from Russia or his subsequent suicide in Paris has reached this country.

Will Resume Work at Washeries.

New York, April 18.—The Tribune says that the announcement was made Monday on behalf of the anthracite coal carrying companies that a general movement has been begun among them to resume work at the washeries. The men employed at the washeries were among the mine workers who quit work when President Mitchell ordered the suspension. This action of the operators, therefore, is regarded as a test of what they can do to get men.

FLORIDA MEDICAL ASSOCIATION ARE NOW IN SESSION HERE

Physicians From All Over the State Have Congregated Here.

TWO SESSIONS YESTERDAY

Meeting Was Called to Order by Dr. J. F. McKinstry, Jr., in the Afternoon—Addresses of Welcome by Mayor Thomas and Others.

The thirty-third annual session of the Florida Medical Association is here, and the city is filled with physicians from every section of the State—men who are of the highest integrity, representing the best element of mankind. It is a gathering of which the people of Gainesville are proud, and who feel honored at their presence.

The first meeting was called to order in the court house at 2:30 o'clock yesterday afternoon by Dr. J. F. McKinstry, Jr., chairman of the committee on arrangements, who, in his usual clever manner, made remarks appropriate to the occasion, assuring the Association how glad the people of his city were at the privilege of entertaining them.

Rev. Thos. P. Hay of the First Presbyterian Church followed Dr. McKinstry in a fervent invocation, praying blessings upon the Association, its members and deliberations.

Dr. McKinstry, in the absence of the Association President, Dr. J. M. Jackson of Miami, presided at the afternoon session. He introduced Hon. W. R. Thomas, mayor, who he stated, would welcome the visitors in behalf of the city. Mayor Thomas' remarks, while brief, were full of eloquence and feeling. He said:

The Mayor's Address.

"Mr. Chairman and Gentlemen of the Florida State Medical Association:

"As mayor of Gainesville for a number of years, it has been my pleasant duty to welcome to our beautiful, progressive and rapidly growing city, many bodies of distinguished gentlemen representing various professions and avocations that engage the time and labor of men; but I can say to you in all sincerity, it has never been my good fortune to stand, in this capacity, before an assemblage of the city's guests for whom and for whose work I have a profounder respect and admiration; nor, in my opinion, have I ever been called upon to turn over the keys of the city to a brotherhood more deserving of the trust, or more worthy to share and to enjoy its hospitality.

"You are engaged in a work that is after all, perhaps, the noblest that commands the efforts of men; a profession that exceeds all others, perhaps, in the extent to which it lays its tribute upon both the physical, intellectual and moral powers of its followerf. It was Cicero, I believe, who said that in the practice of his profession the physician, of all men, comes nearest to exercising the power and filling the position of the gods; and in this strong expression the old Roman has but voiced the universal sentiment of mankind.

"In the buoyancy of health, we may joke about your pills and powders and sometimes sigh over the length of your bills, but when disease lays its dread hand upon us or our loved ones, it is to you we fly for help, and upon your shoulders we lay the inexpressible burden of our hopes and fears.

"I believe it is conceded generally, and not denied by the physicians themselves, that the profession of medicine ranks first as regards the intellectual and moral worth and standing of its followers. And certainly there is no work that engages the energies of man that calls for a higher degree of all those attributes that go to make up manhood, than does the practice of medicine. You have the entree of our homes at all times and under all circumstances, and are charged with the most sacred trusts that could be committed to men. If all physicians are not the wisest and best of men, they ought to be.

"We are glad to have you with us, and feel that our city is honored by your presence. We trust that your stay with us will be one of unalloyed pleasure, and that when you return to your homes you will carry with you only pleasant memories of our city and our people.

"In concluding, gentlemen, it gives me great pleasure to welcome you to our city and to the homes and hearts of its people, and to say to you that we have never entertained guests that we felt more worthy of our admiration and our hospitality."

At the conclusion Mayor Thomas received hearty applause, as his remarks visibly affected those present.

Following the address of Mayor Thomas, Attorney Robt. E. Davis welcomed the visitors in behalf of the Board of Trade, which was followed by an address in behalf of the Alachua County Medical Association, cleverly delivered by Dr. J. Harrison Hodges.

The remainder of the afternoon session was taken up in receiving and passing upon the reports of officers and committees.

The Evening Session.

The evening session was more largely attended than that in the afternoon, several members of the Association having arrived on the late afternoon trains, including the president, Dr. Jackson. It was known, too, that Dr. Jackson would make his annual address, and that there was also a treat in store for those present in the nature of an oration by Dr. S. R. Mallory Kennedy of Pensacola, one of the most gifted orators in the profession in Florida.

The room in the evening was not only well filled with members of the Association, but a great many Gainesville people, including quite number of ladies, were present.

Both the address of President Jackson and the oration of Dr. Kennedy proved of the deepest interest, and were well received. Both speakers proved their ability in handling the English language, and both were heartily applauded.

There are a large number of members in attendance, and others are expected to arrive today. A list of those present will be published tomorrow.

After the address of Dr. Jackson and the oration of Dr. Kennedy, the meeting was adjourned until 9:30 o'clock this morning. There will be two sessions today, morning and afternoon, and this evening the Association will be tendered a reception by the Hospital Aid Association at the National Odd Fellows' Sanitarium.

The visitors seem well pleased with the city and the treatment accorded them here, and none of them look as though they regretted that the meeting had been called for Gainesville.

THE S.S.S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.

HAILE-GRAHAM NUPTIALS.

One of the Swellest Society Events Ever Transpiring in Gainesville.

One of the swellest society weddings which has occurred in Gainesville for several years was the wedding of Hon. Evans Haile and Miss Maud, the charming daughter of Jas. M. Graham, which occurred at Holy Trinity Episcopal Church at high noon Wednesday, and which was witnessed by all the elite of the city that the church building was capable of accommodating.

There were many outside, who unfortunately came at a late hour, who were unable to secure an entrance to the church, and who, realizing their misfortune, took the matter good-naturedly and only witnessed the wedding party as it entered and left the church.

It was not only the elite of the city, but people of all walks of life were there to do honor to the couple, both of whom are among the most popular of this section. Notwithstanding the fact that the ceremony was announced to be held at promptly 12 o'clock, as early as 11 o'clock the people began pouring in, and it was indeed fortunate that those arriving as early as twenty minutes before the appointed time secured seats. For a block on either side the streets were lined, and the groom with his best man, J. D. Shaylor of Jacksonville, was compelled to elbow their way into the vestry-room of the church.

Promptly at the appointed hour, as the clock was striking 12, the bride, accompanied by her father and the wedding party, entered the carriages, and as it was a matter of only a few yards to the church, the ceremony was not delayed.

At five minutes past 12 the party appeared at the front entrance and began its march to the altar First came Mr. Emory Brown and Miss Mary Zell, who carried pink carnations. Mr. Lee Graham and Miss Louise Zell, and Mr. Henry Davis and Miss Mabel Sanchez, followed. The three ladies were gowned in dotted net, over white silk. Miss Cora Jolly, arrayed in silk mull, was the maid of honor. Then appeared the bride, with a beautiful gown of crepe de chine, with Duchess lace trimmings, and carrying a lovely bouquet of white carnations and maiden-hair ferns, resting on the arm of her father. As they reached the altar they were met by the groom, dressed in the conventional black, when the solemn and impressive ceremony of the Episcopal Church was performed by the rector, Rev. F. H. Craighill.

At the conclusion, the party left the church to the music of Mendelssohn's wedding march, beautifully rendered by Mrs. Becker, who also rendered Lohengrin's wedding march at the beginning of the ceremonies.

The decorations at the church, which were carried out under the direction of the Woman's Guild, were very handsome. The altar and choir loft were richly decorated with roses of every hue, palms, ferns and grasses being arranged in a very attractive manner, all being lighted with a row of candles on each side and over the altar, and as the people commenced to arrive early, those who had the opportunity admired the effect very much.

Immediately following the ceremony the bridal party, with their attendants, proceeded to the Graham home, where a wedding dinner was served. This occasion was confined to the wedding party and the immediate family of the bride and groom, and the following were present:

Mr. and Mrs. Evans Haile, the bride and groom; Mr. and Mrs. J. M. Graham; Lee, Allen and Sandie Graham; Mrs. Rachael Haile and daughter, Mrs. Thomas Metz, of Wilmington, Del.; W. K. Haile of Jacksonville; Mr. and Mrs. George Haile of Lake City; Rev. and Mrs. F. H. Craighill; Missis Mary and Louise Zell of Birmingham, Ala.; J. D. Shaylor of Jacksonville, best man; Mrs. R. M. Chamberlain of Tacoma; Messrs. Henry Davis and Emory Brown and Misses Cora Jolly and Mabel Sanchez, attendants.

After an hour's gathering around the festive board, where there was nothing but happiness and gayety, the bridal party was taken in carriages to the Seaboard station, where Mr. and Mrs. Haile boarded the train for Portsmouth, Va., and other points, where they will spend their honeymoon. They were completely enveloped in rice and old shoes, the symbols of best wishes and good luck for these occasions.

The decorations in the dining-room at the Graham home were simple but exquisite, and showed the hands of artists of taste and judgment in their arrangement. The colors employed were green and white, and the scheme was carried beautifully through.

The presents were many, and were as handsome and costly as they were abundant. There were many gifts of cut glass and silverware, bric-a-brac, hand work in laces and linen, etc., and it was noted that there were also many articles of use in housekeeping. Among the most valuable were a Chickering piano by Mr. and Mrs. J. M. Graham, and a beautifully hand-worked effect of a Mexican flower in a wall panel, which was sent by Mrs. John Strang of Passadena, Cal., a friend of the bride.

In all, this was one of the swellest society events in the history of Gainesville, and has been pleasantly anticipated for several weeks. Friends of the happy young couple all over the State will extead congratulations.

CARD FROM CAPT. DENTON.

Withdraws From Race for County Treasurer, and Explains Reasons.

To the Democratic Voters of Alachua County:

I wish to cordially thank those of my friends who, with my consent, kindly announced through The Sun my candidacy for the office of County Treasurer, but upon further consideration of the matter I have determined not to be a candidate for the position. I am influenced in so declining by the necessary expense in making the canvass together with the assessment imposed by the executive committee, and also by the fact that I cannot afford to neglect my business to the extent and for the time a canvass for the office will require. I am profoundly grateful to the friends who have loyally supported me for office in the past and especially so to those who have assured me of their support if I became a candidate for the position of county treasurer of Alachua county.

Very respectfully,
H. C. DENTON.

We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." FLORIDA MEDICAL ASSOCIATION ARE NOW IN SESSION HERE

Physicians From All Over the State Have Congregated Here.

TWO SESSIONS YESTERDAY

Meeting Was Called to Order by Dr. J. F. McKinstry, Jr., in the Afternoon—Addresses of Welcome by Mayor Thomas and Others.

The thirty-third annual session of the Florida Medical Association is here, and the city is filled with physicians from every section of the State—men who are of the highest integrity, representing the best element of mankind. It is a gathering of which the people of Gainesville are proud, and who feel honored at their presence.

The first meeting was called to order in the court house at 2:30 o'clock yesterday afternoon by Dr. J. F. McKinstry, Jr., chairman of the committee on arrangements, who, in his usual clever manner, made remarks appropriate to the occasion, assuring the Association how glad the people of his city were at the privilege of entertaining them.

Rev. Thos. P. Hay of the First Presbyterian Church followed Dr. McKinstry in a fervent invocation, praying blessings upon the Association, its members and deliberations.

Dr. McKinstry, in the absence of the Association President, Dr. J. M. Jackson of Miami, presided at the afternoon session. He introduced Hon. W. R. Thomas, mayor, who he stated, would welcome the visitors in behalf of the city. Mayor Thomas' remarks, while brief, were full of eloquence and feeling. He said:

The Mayor's Address.

"Mr. Chairman and Gentlemen of the Florida State Medical Association:

"As mayor of Gainesville for a number of years, it has been my pleasant duty to welcome to our beautiful, progressive and rapidly growing city, many bodies of distinguished gentlemen representing various professions and avocations that engage the time and labor of men; but I can say to you in all sincerity, it has never been my good fortune to stand, in this capacity, before an assemblage of the city's guests for whom and for whose work I have a profounder respect and admiration; nor, in my opinion, have I ever been called upon to turn over the keys of the city to a brotherhood more deserving of the trust, or more worthy to share and to enjoy its hospitality.

"You are engaged in a work that is after all, perhaps, the noblest that commands the efforts of men; a profession that exceeds all others, perhaps, in the extent to which it lays its tribute upon both the physical, intellectual and moral powers of its followerf. It was Cicero, I believe, who said that in the practice of his profession the physician, of all men, comes nearest to exercising the power and filling the position of the gods; and in this strong expression the old Roman has but voiced the universal sentiment of mankind.

"In the buoyancy of health, we may joke about your pills and powders and sometimes sigh over the length of your bills, but when disease lays its dread hand upon us or our loved ones, it is to you we fly for help, and upon your shoulders we lay the inexpressible burden of our hopes and fears.

"I believe it is conceded generally, and not denied by the physicians themselves, that the profession of medicine ranks first as regards the intellectual and moral worth and standing of its followers. And certainly there is no work that engages the energies of man that calls for a higher degree of all those attributes that go to make up manhood, than does the practice of medicine. You have the entree of our homes at all times and under all circumstances, and are charged with the most sacred trusts that could be committed to men. If all physicians are not the wisest and best of men, they ought to be.

"We are glad to have you with us, and feel that our city is honored by your presence. We trust that your stay with us will be one of unalloyed pleasure, and that when you return to your homes you will carry with you only pleasant memories of our city and our people.

"In concluding, gentlemen, it gives me great pleasure to welcome you to our city and to the homes and hearts of its people, and to say to you that we have never entertained guests that we felt more worthy of our admiration and our hospitality."

At the conclusion Mayor Thomas received hearty applause, as his remarks visibly affected those present.

Following the address of Mayor Thomas, Attorney Robt. E. Davis welcomed the visitors in behalf of the Board of Trade, which was followed by an address in behalf of the Alachua County Medical Association, cleverly delivered by Dr. J. Harrison Hodges.

The remainder of the afternoon session was taken up in receiving and passing upon the reports of officers and committees.

The Evening Session.

The evening session was more largely attended than that in the afternoon, several members of the Association having arrived on the late afternoon trains, including the president, Dr. Jackson. It was known, too, that Dr. Jackson would make his annual address, and that there was also a treat in store for those present in the nature of an oration by Dr. S. R. Mallory Kennedy of Pensacola, one of the most giftede orators in the profession in Florida.

The room in the evening was not only well filled with members of the Association, but a great many Gainesville people, including quite number of ladies, were present.

Both the address of President Jackson and the oration of Dr. Kennedy proved of the deepest interest, and were well received. Both speakers proved their ability in handling the English language, and both were heartily applauded.

There are a large number of members in attendance, and others are expected to arrive today. A list of those present will be published tomorrow.

After the address of Dr. Jackson and the oration of Dr. Kennedy, the meeting was adjourned until 9:30 o'clock this morning. There will be two sessions today, morning and afternoon, and this evening the Association will be tendered a reception by the Hospital Aid Association at the National Odd Fellows' Sanitarium.

The visitors seem well pleased with the city and the treatment accorded them here, and none of them look as though they regretted that the meeting had been called for Gainesville.

THE S.S.S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.

HAILE-GRAHAM NUPTIALS.

One of the Swellest Society Events Ever Transpiring in Gainesville.

One of the swellest society weddings which has occurred in Gainesville for several years was the wedding of Hon. Evans Haile and Miss Maud, the charming daughter of Jas. M. Graham, which occurred at Holy Trinity Episcopal Church at high noon Wednesday, and which was witnessed by all the elite of the city that the church building was capable of accommodating.

There were many outside, who unfortunately came at a late hour, who were unable to secure an entrance to the church, and who, realizing their misfortune, took the matter good-naturedly and only witnessed the wedding party as it entered and left the church.

It was not only the elite of the city, but people of all walks of life were there to do honor to the couple, both of whom are among the most popular of this section. Notwithstanding the fact that the ceremony was announced to be held at promptly 12 o'clock, as early as 11 o'clock the people began pouring in, and it was indeed fortunate that those arriving as early as twenty minutes before the appointed time secured seats. For a block on either side the streets were lined, and the groom with his best man, J. D. Shaylor of Jacksonville, was compelled to elbow their way into the vestry-room of the church.

Promptly at the appointed hour, as the clock was striking 12, the bride, accompanied by her father and the wedding party, entered the carriages, and as it was a matter of only a few yards to the church, the ceremony was not delayed.

At five minutes past 12 the party appeared at the front entrance and began its march to the altar First came Mr. Emory Brown and Miss Mary Zell, who carried pink carnations. Mr. Lee Graham and Miss Louise Zell, and Mr. Henry Davis and Miss Mabel Sanchez, followed. The three ladies were gowned in dotted net, over white silk. Miss Cora Jolly, arrayed in silk mull, was the maid of honor. Then appeared the bride, with a beautiful gown of crepe de chine, with Duchess lace trimmings, and carrying a lovely bouquet of white carnations and maiden-hair ferns, resting on the arm of her father. As they reached the altar they were met by the groom, dressed in the conventional black, when the solemn and impressive ceremony of the Episcopal Church was performed by the rector, Rev. F. H. Craighill.

At the conclusion, the party left the church to the music of Mendelssohn's wedding march, beautifully rendered by Mrs. Becker, who also rendered Lohengrin's wedding march at the beginning of the ceremonies.

The decorations at the church, which were carried out under the direction of the Woman's Guild, were very handsome. The altar and choir loft were richly decorated with roses of every hue, palms, ferns and grasses being arranged in a very attractive manner, all being lighted with a row of candles on each side and over the altar, and as the people commenced to arrive early, those who had the opportunity admired the effect very much.

Immediately following the ceremony the bridal party, with their attendants, proceeded to the Graham home, where a wedding dinner was served. This occasion was confined to the wedding party and the immediate family of the bride and groom, and the following were present:

Mr. and Mrs. Evans Haile, the bride and groom; Mr. and Mrs. J. M. Graham; Lee, Allen and Sandie Graham; Mrs. Rachael Haile and daughter, Mrs. Thomas Metz, of Wilmington, Del.; W. E. Haile of Jacksonville; Mr. and Mrs. George Haile of Lake City; Rev. and Mrs. F. H. Craighill; Misses Mary and Louise Zell of Birmingham, Ala.; J. D. Shaylor of Jacksonville, best man; Mrs. R. M. Chamberlain of Tacoma; Messrs. Henry Davis and Emory Brown and Misses Cora Jolly and Mabel Sanchez, attendants.

After an hour's gathering around the festive board, where there was nothing but happiness and gayety, the bridal party was taken in carriages to the Seaboard station, where Mr. and Mrs. Haile boarded the train for Portsmouth, Va., and other points, where they will spend their honeymoon. They were completely enveloped in rice and old shoes, the symbols of best wishes and good luck for these occasions.

The decorations in the dining-room at the Graham home were simple but exquisite, and showed the hands of artists of taste and judgment in their arrangement. The colors employed were green and white, and the scheme was carried beautifully through.

The presents were many, and were as handsome and costly as they were abundant. There were many gifts of cut glass and silverware, bric-a-brac, hand work in laces and linen, etc., and it was noted that there were also many articles of use in housekeeping. Among the most valuable were a Chickering piano by Mr. and Mrs. J. M. Graham, and a beautifully hand-worked effect of a Mexican flower in a wall panel, which was sent by Mrs. John Strang of Passadena, Cal., a friend of the bride.

In all, this was one of the swellest society events in the history of Gainesville, and has been pleasantly anticipated for several weeks. Friends of the happy young couple all over the State will extend congratulations.

CARD FROM CAPT. DENTON.

Withdraws From Race for County Treasurer, and Explains Reasons.

To the Democratic Voters of Alachua County:

I wish to cordially thank those of my friends who, with my consent, kindly announced through The Sun my candidacy for the office of County Treasurer, but upon further consideration of the matter I have determined not to be a candidate for the position. I am influenced in so declining by the necessary expense in making the canvass together with the assessment imposed by the executive committee, and also by the fact that I cannot afford to neglect my business to the extent and for the time a canvass for the office will require. I am profoundly grateful to the friends who have loyally supported me for office in the past and especially so to those who have assured me of their support if I became a candidate for the position of county treasurer of Alachua county.

Very respectfully,
H. C. DENTON.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of lagrippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Be careful about getting letters out of the postoffice that don't belong to you and opening them by mistake. The proprietors of every hotel where the "tipping" habit prevails are the ones to blame for it. If they would pay fair wages to their help and look after their business the same as other business men do, there would be no opportunity for such work. It is not practiced in the moderate-priced hotels, and if the high-priced ones would only stop it they would be able to run longer every season.

CHINESE IN PARADISE.

Our citizens who have the impression that the colony of Chinamen who have recently located at Paradise are a lot of benighted heathens, should converse with some of them if they desire to disabuse their mind of such an idea.

Many of them are educated at the Western colleges along the Pacific slope from Washington to California, and have excellent ideas regarding the business outlook of that section of our vast domain. They discuss the resoures and prospects in most excellent English, give good reasons for their belief in the advancement of certain sections and their doubt of the stability of others.

Some of the young men are truly American in their manner and dress, having been so long in this country and among a class of educated people that even their eyes do not betray their nationality.

While they may become good citizens and shrewd business men, it is doubtful if they will prove a very great success in the performance of the hard, manual labor to which the negroes have been accustomed in this country, as they have not the physique of the men of African descent. But they are frugal, as a class, and they take more pride in their personal appearance than many other foreigners, and no doubt will cut quite a figure in the labor problem, especially when it comes to that class of work where skill and activity cut more of a figure than brawn. However, they will not supplant the negro, for they are not as patient and enduring.

SUPREME COURT JUDGES.

Nominations are to be made at the primary election of May 15th of two Justices of the Supreme Court. The places to be filled are now held by Justices James B. Whitfield and Charles B. Parkhill, who are serving parts of full terms. These very able and popular Judges are candidates for the two whole terms to be filled at the coming primary.

For a number of years the State Supreme Court was several years behind with its work, and there was much complaint over the long delays in securing final adjudications of litigation. Under the present organization of the court, however, the work has been brought up to date and cases are now decided promptly after they are submitted.

The present Justices, who have labored faithfully and well to bring about this great improvement in the Supreme Court, have merited the warm approval of the people of Florida. Public sentiment seems to be strongly in favor of continuing the present very satisfactory service of the Supreme Court, and Justices Whitfield and Parkhill will doubtless be nominated in the primary for one full term each. It has been the rule in this State to give all Judges one full term, and there seems to be no reason why there should be a departure from this rule in the cases of Judges Whitfield and Parkhill.

OUR COTTON.

Europe buys raw cotton in this country, weaves it into prints and sells it in China, $200,000,000 worth annually where we sell $30,000,000. But the Department of Commerce and Labor has sent to China and gotten a lot of the standard grades and patterns of cotton and is arranging to send them out in the form of card libraries. There will be a sample of the cloth, a photograph of the pattern and a technical description of the goods. About a hundred sets of eighty different cards each are being prepared and they will be sent out to all of the milling centers.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Take Hall's Family Pills for constipation.

The Congress of Mothers for the State of Georgia will be held in Atlanta, beginning April 23d. One of the objects is to give young people ignorant of the care of children opportunities to learn. But who will care for the children while these mothers are at the convention? Fifty years or more ago we had some pretty good children, who grew up to be good men and women, but they didn't have the watchful care of a Mothers' Congress. Many children on the streets nowadays would lead one to believe that they never had the care of even one good mother, let alone a whole congress of them. If some of the aspirants for congressional honors would stay at home and become familiar with the temperament of their children and try to control them, congress would be all right to adjourn sine die.

People who have lived in this State all their lives can hardly realize the benefits they enjoy, as well, at least, as those who come here from the North, who are broken down in health and filled with medicine to sustain life. When they come to Florida they throw physic to the dogs—and it's a pity some of the worthless canines don't get it—and enjoy life as though the Great Healer had laid His hand on them. There may be "a land that is fairer than this," but we are satisfied to linger here awhile.

Gov. Folk of Missouri has had State troops placed on guard at Springfield to stop rioting. He will call out the whole State force if necessary.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Young Men's Christian Association at Pensacola has 414 members on its rolls.

St. Johns county will buy a traction engine and truck to haul material with which to build roads.

The immense tomato crop in the vicinity of Coleman has not been injured by the cold weather.

The first consignment of watermelons from the Florida Keys this season arrived in Miami on Saturday.

The Jacksonville baseball team lost its first game of the league season to Savannah on Monday, by a score of 6 to 5.

The Knights of Pythias of Pensacola have purchased a lot and will erect a Castle hall thereon in the near future.

Solid cars of fine tomatoes are now being sent from Miami to Chicago, and they raise some beauties in Dade county.

The new pastor of the Presbyterian church at Orlando was given a reception by the members of that church on Monday night.

A Woman's Club has been formed at DeLand, and in the future the husbands of that city will know where to find their wives.

The new Presbyterian church at Fairfield was dedicated on Sunday last, Rev. Gordon of McIntosh preaching the dedicatory sermon.

The E. O. Painter Printing Company of DeLand has been doing some good work on the State law books, and Attorney General Ellis praises it very highly.

The Orlando Bank and Trust Company at Orlando opened for business on Tuesday morning. Judge J. D. Beggs is president and Thomas Hopkins the cashier.

Pensacola will make a great effort to have her parks put in fine condition for the summer. There is nothing that adds to the beauty of a city more than fine parks.

W. J. Diffin, who is in jail at Tampa charged with issuing spurious checks to the amount of $1,300, is wanted at Savannah, Ga., where he played a short engagement.

The Tampa Herald is making a hustle to publish Florida news and Mr. Emerson, the new editor, is doing the proper thing to make his paper a popular one in the State.

H. V. Prevatt of Tampa, who was recently released from the insane asylum, has been taken in charge by the officers, as he has shown symptoms of a return of his malady.

It is claimed that Marion county alone will produce 50,000 boxes of oranges the coming season. Many other counties will have oranges to ship that haven't had them before in years.

Fred Douglass, colored, got four months on the gang for stealing provisions from a box car. The car was coupled to others or he would of taken the whole load. The car was near Welborn.

M. T. Lowman & Co. of Louisville, Ky., have the contract for the new Marion county court house. The price is $60,350, which will give the county a building that will accommodate the business for many years to come.

A grower of fruit at Eagle Lake, Fla., is the propagator of an entirely new citrus fruit, says The Bartow Courier. The fruit was produced by crossing a grapefruit bloom on the bloom of a tangerine, followed by five years of inbudding to confirm the species and insure the reproduction of its kind. The new fruit is a trifle larger than the orange, is of a delightful flavor and peels as easily as a tangerine.

The entire plant of the Warren Fish Company at Pensacola was destroyed by fire early Monday morning, involving a great loss. There were a number of boats at the dock, all of which were taken away without a great amount of damage. This company employed a large fleet of fishing vessels and it is quite certain the warehouse will be rebuilt at an early date. The fire was evidently of incendiary origin.

Is The Moon Inhabited?

Science has proven that the moon has an atmosphere which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours, especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, general debility and female weaknesses. Unequalled as a general tonic and appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by all druggists. Price only 50c.

At the Opera House.

Miss Annie May Abbott, known as the Little Georgia Magnet, appeared at the opera house to a fair-sized audience last night.

Miss Abbott, who has appeared here before, is a wonderful woman, and never fails to interest those who witness her magnetic powers. She is capable of, and does lift, ten men, while, as she says in her literature, ten men cannot lift her.

Those who attended the performance last night were well pleased, and it is to be regretted that she was not greeted by a larger house.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

Mr. Daugherty's hotel move did not mature. He returned to his home Sunday morning.

Easter services were observed at the Sunday schools—Methodist and Lutheran. The decorations were various and elaborate viz: Roses, Easter lilies, honeysuckles, geraniums and ferns. Cards suitable to the occasion were distributed. After songs and recitations by many little children, they were dismissed to engage in an Easter egg hunt. In each little bunch of grass in the church yard the rabbits had carefully laid eggs of many colors and names, thus celebrating the Glorious Resurrection day.

Mrs. Bryan is quite sick at her home, and a son-in-law of A. Jolly's came from Ocala to visit friends in this locality and was taken quite sick and seems to be suffering very much at this writing.

The mills are not running today, Saturday was pay-day and they are circulating their money today.

NEWS OF CITY AND COUNTY CONDENSED

S. H. Benjamin and family and Mrs. Benjamin's mother, Mrs. G. Redwood of Micanopy, were in the city yesterday. They were en route to their new home, Paterson, N. J., where Mr. Benjamin is engaged in business. Mr. Benjamin has been a resident of Micanopy for the past thirty-three years, during which time he has been actively and successfully engaged in the mercantile business. It is with regret that the people of Alachua county see him leave, especially the people of Micanopy, with whom he has always been in harmony, but they will wish him well in his new home.

Dr. E. H. Armstrong has perfected some wonderful cures through this section in eye, nervous and chronic diseases, the list including stomach, bowel and back trouble, sick headaches, etc , by the Neurological system of treatment without drugs or operations. The Doctor does all he claims, as is proven by the many people who have been restored to health in this section, as well as all over the State. Anyone having eye or chronic troubles, of whatsoever nature, would do well to consult the Doctor on this visit, as, having to make the entire tour of the State now in person, it will be some little time before he has the opportunity of calling here again. Remember Dr. Armstrong will be here in person on April 25, and may be seen at the Brown House, Will positively only be here on date named.

It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by all druggists.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root and the address, Binghamton, N. Y.

WILL INDICT MOB LEADERS.

Several Men Have Been Arrested and Charged with Lynching.

Springfield, Mo., April 18.—Suppressed excitement pervaded all classes here on the opening of this, the fourth day of Springfield's race war.

The arrest late Monday of half a dozen men accused of complicity in Saturday night's lynching, had had the effect of clearing the streets when the members of the mob, who had openly boasted of their participation in the affair, began to realize that the state and county officers had really combined in an effort to prosecute all offenders. Then the people had again been inflamed with the mob spirit, when it become generally known that another negro had been killed, this time by a white boy in self defense.

This tense feeling was still apparent when morning came. Sheriff Horner early sent out a dozen deputies armed with the twenty or so warrants still unserved, while in the criminal court the session of a grand jury, called together under instructions to indict the mob leaders, was begun.

Monday night the militia had encamped about the jail, nearly a mile from the public square, in the center of the city, and Tuesday at both these points the soldiers were especially on the alert.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

RIOT IS NARROWLY AVERTED.

Officers Held Women Before Negroes' Gun.

Mount Airy, N. C., April 18.—As a result of Walter Penn, a negro, resisting, and other negroes overpowering and disarming Deputy Sheriff U. G. Belton and Officer John Samuels, George Long, a negro, is dead and the local military company was ordered to the scene of what was almost a riot.

The negroes succeeded in securing the pistols of the officers and fired about twenty shots at them and the officers only saved themselves by holding negro women between them and the attacking party.

The dead negro was shot by one of his own race in the attempt to shoot the officers. The shooting occurred outside of the city limits and before the soldiers arrived the guilty parties had escaped to the woods.

The officers know the negroes and a posse of citizens and soldiers is out searching for them.

Ballard's Horehound Syrup

Stearns, Druggist, Shullsburg, Wis., writes May 20, 1902: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c and $1. Sold by W. M. Johnson.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of 20th inst., the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate. H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully. H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

All measures tending toward the moral development and growth of our State will receive my hearty support.

The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective.
